

# AMERICA'S #1 SELLING BRAND OF HANDHELD OUTDOOR POWER EQUIPMENT.

## WHY?

## Because STIHL dealers give you what no big box store can.

Why do more professionals and homeowners choose STIHL? Maybe it's our network of over 8,000 independent dealers—people with real knowledge, experience and the ability to service what they sell. Or maybe it's everything that goes into a STIHL, so you can get more out of it, year after year. Come to think of it, maybe the biggest reason we're number one is because at STIHL, you're number one.

"Number one selling brand" is based on syndicated Irwin Broh Research (commercial landscapers) as well as independent consumer research of 2009 U.S. sales and market share data for the gasoline-powered handheld outdoor power equipment category combined sales to consumers and commercial landscapers.
